

ONE MORE DAY

FOR LINDA RENDLEMAN

MUSIC & LYRICS BY DINA FANAI

VERSE

Been a long road
Been a rough climb
When you've lost that park inside
Watching each dream
Fade with the years
And then the magic disappears

We all can lose the way
When you can't find that speck of faith
Praying I won't break
And wished I was beautiful, was beautiful

CHORUS

But I know, I know, I know I can rise
To the hero inside
I know, I know, I know I got this fight
Shoot my arrow through the sky
I'm strong enough to face this crazy place
Now I can say I've made it one more day
(One more day, one more day, one more day)

VERSE

What about love
What about trust
The answer is I was enough
Finding my voice
Having a choice
To take each fall, then stand up tall

A soul knows no mistakes
Every heartbeat beats with grace
I now know I won't break
And that I was beautiful, was beautiful

CHORUS

And I know, I know, I know I can rise
To the hero inside
I know, I know, I know I got this fight
Shoot my arrow through the sky
I'm strong enough to face this crazy place

Now I can say I've made it one more day
(One more day, one more day, one more day)
Now I can say I've made it one more day
(One more day, one more day, one more day)

BRIDGE

I now see that I'm beautiful,
Brave and beautiful
I am brave and beautiful,
I'm brave and beautiful
We're all brave and beautiful,
So brave and beautiful,
So beautiful in every way

CHORUS

And I know, I know, I know I can rise
To the hero inside
I know, I know, I know I got this fight
Shoot my arrow through the sky
I'm strong enough to face this crazy place
Now I can say I've made it one more day
(One more day, one more day, one more day)
Now I can say I've made it one more day
(One more day, one more day, one more day)

I know that I will make it one more day
