

## **DIVER**

FOR KATHLEEN TURNER

MUSIC & LYRICS BY GRACE MCLEAN

Ooh, I am a diver  
Ooh, I am a diver  
Diving deep  
In search of buried treasure  
Buried under leagues of unspoken words  
Lost in broken waves  
I play in the currents  
Following the trails that they left behind  
Where I search I find it

And I share it with you  
Because you lost it too  
Through me you're reunited

Ooh, I am the ocean  
Ooh, I am the water itself  
Salty with tears, bubbly with laughter  
Full of secrets and buried treasure  
Weird fishes, ageless, vast  
Blue and gray and green and  
Here to stay it seems  
My destination is everywhere

Ooh, and I share myself with you  
Because you're an ocean too  
Yes, we are many-sided.

Ooh, I am the moon

Vessel of light tugging on your tides  
Illuminating night, except when I hide  
I'm never the same, but always the same  
I am running away, but I'm keeping my  
Face on the place that I came from

Ah, and I share  
And I share it with you  
And I share it with you  
And I share it  
And I share it  
And I share (4x)
